COLOUR MATCHING CORE — EXCLUSIVE FOR KOMPACPLUS PLAINS, WOODS & PATTERNS KOLLEKTION.

KOMPACPLUS.COM

ACHIEVE PERFECT COHESION WITH COLOUR MATCHING CORE APPLICATION BY KOMPACPLAY TRUETONE

Designed to bring the sleek aesthetic appeal of KompacPlus installations to the next level, elevate your living space with our latest KompacPlay TrueTone application that provides tailored spaces the added option for colour-matching core on top of the durable qualities of 6MM KompacPanels made in Italy.

THE INSPIRED MATCH — FOR YOUR UNDIVIDED ATTENTION

In the pursuit of perfection in every sense, go above and beyond to match individual personality and lifestyle needs in the creation of practical living spaces that stands out uniquely in style.

Using trained production expertise, KompacPlay TrueTone seamlessly extends matching surface colour and textured finish from the material surface to the sides of KompacPanels to achieve the look and feel of a colour matching core.

Adding to the durable qualities of KompacPanels that allows it to serve long-lasting use as kitchen countertops, bathroom wall cladding and even custom furniture, enjoy smooth transitions of colour and distinct patterns from every angle that effortlessly blend in with the surrounding interior.

Now with the added feature of KompacPlay TrueTone, let your personality shine through the craft of everyday spaces, complemented by impeccable style and exquisite workmanship that builds the most solid impressions.

KEY FEATURES OF KOMPACPLAY TRUETONE

**Seamless Extensions
of Surface Aesthetics**

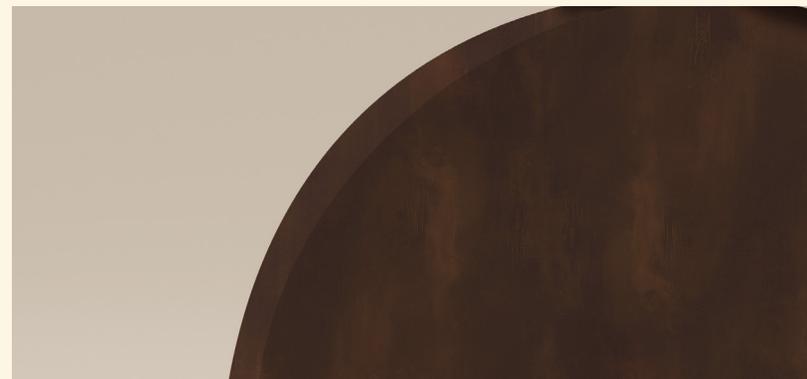

**Exclusively for
the KompacPlus
Kollektion**

Only applicable to colours from the PLAINS, WOODS and PATTERNS series.

1 Year Warranty

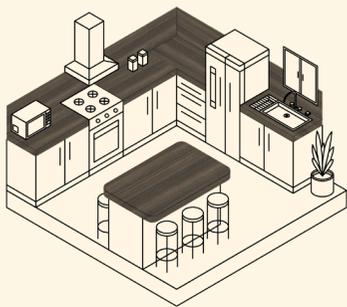

Covers a one (1) time repair or one-to-one replacement (where applicable).

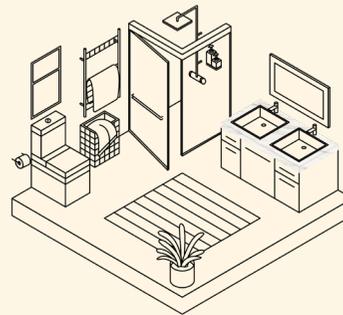

TUNE INTO PERFECTION

Standard Applications of KompacPlay TrueTone

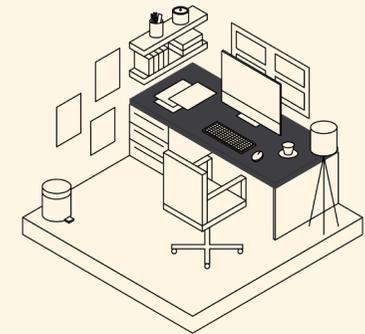

Applicable for both horizontal and vertical installations, KompacPlay TrueTone is designed to help modern dwellers achieve perfect colour cohesion in tailored spaces featuring signature styles from the KompacPlus Kollektion.

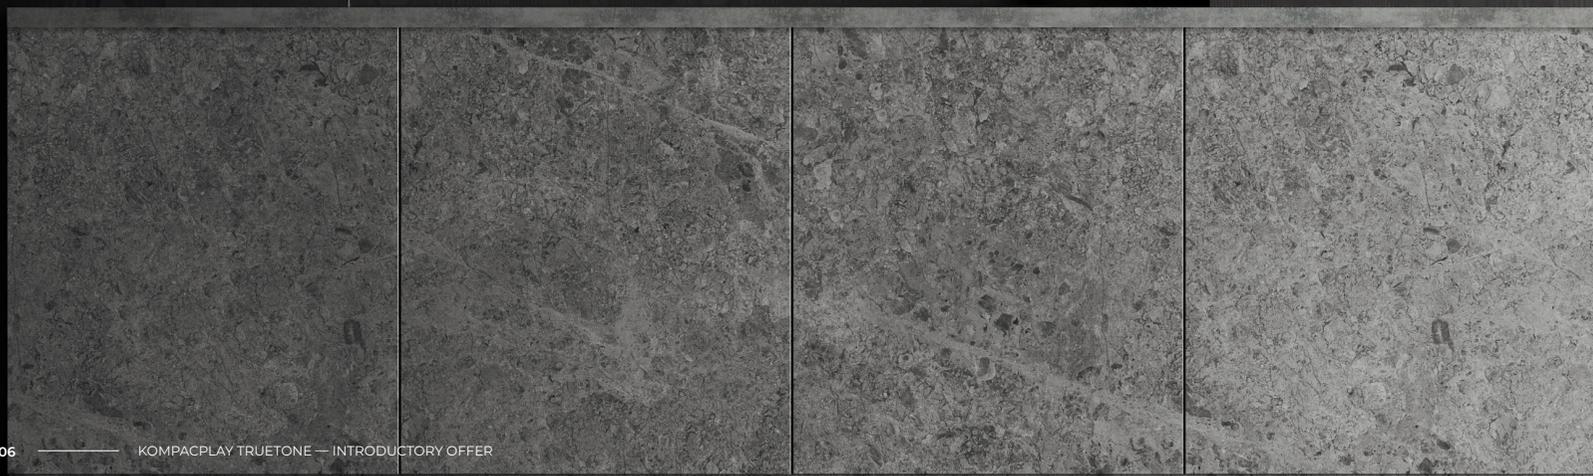

An Aesthetic Boost in Kitchens

For Refined Elegance in Bathrooms

A Solid Anchor in Workspaces

Staying true to the hallmarks of a standard KompacPlus installation, KompacPlay TrueTone also allows the recreation of thicker countertop profiles where 6MM KompacPanels are supported by additional plywood layers to achieve downturns in fixed height extensions of 22MM, 31MM and 40MM.

On top of seamless height extensions, curved downturns can also be achieved for modern minimalists who appreciate soft aesthetics on top of supremely durable qualities of 6MM KompacPanels as kitchen countertops, bathroom vanities, work desks and more.

Fixed Height Extensions for KompacPlay TrueTone on Downturn Applications

22MM

31MM

40MM

- 6MM KompacPanel
- ▨ 9MM Plywood Base

Note: Downturn installations with KompacPlay TrueTone is only applicable for extensions measuring up to 40mm in height. The installation cost for this feature is inclusive of additional plywood layers and 6MM KompacPanels (where applicable).

- This promotional offer is NOT applicable with other on-going promotions or discount vouchers.
- KompacPlus Materiale reserves the right to amend the Terms and Conditions of this promotion at any time without prior notice.

Disclaimer:

KompacPlay TrueTone ("TrueTone") is an aesthetic add-on designed exclusively for the KompacPlus Plains, Woods and Patterns Kollection to extend matching surface colour and textured finish to the sides of KompacPanels that will create the appearance of a colour matching core for enhanced overall visual harmony. Due to additional chamfering to prevent sharp edges on the joint areas, TrueTone does not guarantee a 100% match with aesthetic patterns on the KompacPanel surface. TrueTone application(s) is entitled to a one-year warranty that covers manufacturing defects with a one (1) time repair or one-to-one replacement (where applicable).
